USDA RURAL DEVELOPMENT PRESENTS CEREMONIAL CHECK TO CANEY CREEK MUNICIPAL UTILITY DISTRICT

SARGENT, TEXAS, October 11, 2006-- USDA Rural Development today presented a ceremonial check to Caney Creek Municipal Utility District for a \$4,335,000 Community Program Water and Waste Disposal Loan and Grant. The funding will be used to alleviate health and sanitation issues by completing a sewer collection system to replace septic tanks that do not function properly. In 2005, USDA Rural Development provided \$936,000 to the Caney Creek Municipal Utility District.

“USDA Rural Development Water and Waste Disposal Programs target public health benefits and economic opportunities in America’s rural communities,” said Bryan Daniel, USDA Rural Development State Director. “Projects such as this one in the City of Sargent will help make the environment cleaner and protect the public health for local residents.”

In Fiscal Year 2005, \$80.7 million of loan and grant assistance was distributed throughout rural Texas to 315,249 households. The USDA Rural Development Water and Waste Disposal Program is designed to bring fresh, clean drinking water and sanitary, environmentally sound sewage facilities to rural America’s 53 million residents. Loans and grants are available to rural communities with fewer than 10,000 residents. Public bodies, corporations operating on a non-profit basis, and Indian tribes, that are unable to obtain credit from other sources at reasonable rates and terms, are eligible for assistance.

USDA Rural Development was created in 1994 to serve Texas’ more than 3.6 million rural residents. For further information regarding USDA Rural Development Programs, contact the Edna Local Office at (361) 782-7151, Extension 4, or visit our website at <http://rurdev.usda.gov/tx/>.
